

AQUATIC DREAM

PUB at the Singapore Night Festival 2018

A key attraction at Singapore Night Festival this year is the Aquatic Dream - a collaboration between PUB and the National Heritage Board (NHB) that transforms the front lawn of the National Museum into a deep sea environment. Visitors can immerse in the beauty of the aquatic world, and be reminded that we all play a part in conserving water – a precious resource essential to all forms of life.

17-25 August 2018, 7.30pm - 12 midnight (daily)

Front Lawn, National Museum of Singapore
